GMO declaration

In the manufacture of our products we do not use any foods or food ingredients that contain or consist of genetically modified organisms pursuant to Directive 90/220/EEC. All the raw materials we use for which there is the possibility of production or contamination with genetically modified organisms have been identified. The respective suppliers of these raw materials have, on request, confirmed to us by certificate that the products they supply are GMO-free back to their origin, i.e. to cultivation. Against this background, our products are not subject to labelling requirements even under the new labelling regulation.
